

Shelby Fonley
Seattle, WA
505-501-1955

Education: 1994 BS Animal Science and Biology, University of Wisconsin, River Falls, WI.

Goal: to design beautiful web standard compliant web sites using CSS, HTML, JavaScript, JQuery, Ajax and PHP; to design web sites that look great on multiple platforms.

Experience: I have been designing and coding web sites since 2000. I am self-taught and learn by doing. I am proficient in CSS, HTML, JQuery and WordPress. I also work with Ajax, JavaScript, PHP and most content management software. I have my own laptop, Adobe Suite software and can work at your site or mine.

Current Web Sites:

davidfmaple.com - Hand-coded HTML/CSS, complete design and implementation, project management, customer management.

sfte-nm.org – WordPress template design and implementation, WordPress installation and customization, project management, customer management.

shelbyfonley.com – Site design and implementation, hand-coded HTML/CSS, JQuery slider implementation, graphics, project management.

Previous Clients: O-Gelato, Pieces of Argentina, Pandia Press, Ford and Forlano, Candelaria Art, Buckin Brand, Modern Organic Mama, David Maple – Farrier.

Skills:

>Proficient in HTML, CSS, WordPress, cross-browser compatibility and web standard compliant sites that validate.

>Knowledgeable in JavaScript, and JQuery

>Familiar with PHP, MySQL, AJAX and many CSS platforms: Joomla, Expression Engine, TypePad.

Interests and Passions: Mobile web site development and applications, HTML5, CSS3, and JQuery. I also enjoy time with my family exploring Seattle and surrounding areas, as well as biking, hiking, snowboarding, snowshoeing and camping. I love food, gardening and my dog.
